DRY WELL CONES

Provided with a sturdy 3/8" insert

Part No.	Wall	Wall Taper	Price
CO-251230	2½"	1¼" to 3"	\$8.00
CO-301540	3"	1½" to 4"	\$15.00
CO-401530	4"	1½" to 3"	\$15.00
CO-401540	4"	1½" to 4"	\$18.75
CO-501530	5"	1½" to 3"	\$15.00

Customs sizes made to order-allow 6 weeks.

Installation tip: Apply a bead of ConSeal's CS-1500 Rapid Cure Elastomeric Sealant to the base of the cone before installing. This will keep the concrete "juices" from getting behind the cone. Or use a good silicone caulk in the same manner. For better release, use a water based lube like ConSeal's CS-2000 Con-Lube.

GALLEY PLUGS

Molded of very tough polymers, these hole formers will last longer than any others. Deeply embedded ¼" studs are spaced at 4⅝" centers. The extreme offset taper eases release.

Bolt Patterns are identical: ¼" studs spaced 4⅝" on centers

Part No.	Wall	Face	Back	Price
GP-275	2¾"	1½" x 5"	4⅞" x 5⅞"	\$30.00
GP-300	3"	1½" x 5"	4¼" x 6"	\$35.00
GP-350	3½"	1½" x 5"	4½" x 6¼"	\$45.00
