## DRY WELL CONES

Provided with a sturdy 3/8" insert

Part No.	Wall	Wall Taper	Price
CO-251230	2½"	1¼" to 3"	\$9.00
CO-301540	3"	1½" to 4"	\$16.50
CO-401530	4"	1½" to 3"	\$16.50
CO-401540	4"	1½" to 4"	\$21.00
CO-501530	5"	1½" to 3"	\$16.50

Customs sizes made to order-allow 6 weeks.

**Installation tip:** Apply a bead of ConSeal's CS-1500 Rapid Cure Elastomeric Sealant to the base of the cone before installing. This will keep the concrete "juices" from getting behind the cone. Or use a good silicone caulk in the same manner. For better release, use a water based lube like ConSeal's CS-2000 Con-Lube.

## GALLEY PLUGS

Molded of very tough polymers, these hole formers will last longer than any others. Deeply embedded ¼" studs are spaced at 4 5/16" centers. The extreme offset taper eases release.

**Bolt Patterns are identical:** ¼" studs spaced 4 5/16" on centers

Part No.	Wall	Face	Back	Price
GP-275	2¾"	1½" x 5"	4 1/8" x 5 7/8"	\$45.00
GP-300	3"	1½" x 5"	4 1/4" x 6"	\$50.00
GP-350	3½"	1½" x 5"	4 1/2" x 6 1/4"	\$60.00
